It's hard to express how excited we all are with what our team has accomplished over the last three weeks at the Club. Sean and Travis have worked tirelessly with our expanded crew of up to 26 workers to get us this far. Many of you who have been around over the last few weeks have witnessed the tremendous work the crew has put in over these long, hot days. You will all be amazed at the rough edges that have been smoothed all around the golf course. Bunker edges with weak turf have been reinforced with healthy paspalum to give a clean, sharp edge. Cart path edges have been filled in with fresh sod. Weak and weedy turf areas around the course have been sprigged with grass plugs from the greens and will grow in over the next several weeks. All of these finishing touches will produce a beautiful golf course come September.

The sprigging of the greens will take place Thursday and Friday (July 6, 7). These are the two days that we have invited the members to come to help us shake out the sprigs onto the greens in preparation for the sprigs to be cut into the greens which is the last step in planting the grass. Please reply to the golf shop if you are interested in participating.

We will keep you posted with pictures as the grass on the greens begins to grow and as the areas around the course progress.

Kudos to Sean and his team on the work they have done and are doing on the golf course. Our temporary greens are rolling great and turned out much better than most were expecting. The members are most pleased, and we have had guests returning frequently due to how good the conditions are. We have even heard several people tell us that our temporary greens are better than some other course regular greens.

We typically held the Shootout at Pine Ridge Farm in June but due to the temporary greens, we moved this event to September 23rd. Circle that date on your calendar as I'm sure 4-time champion Sam Buck already has.

The next event on the calendar is the Independence Day Flag Tournament. It will take place on Tuesday, July 4th, and is open to all golf members with an active GHIN handicap. This is a unique event in which you will add your playing handicap to par and you will play until you have hit that many shots. Before the round, we will give you a flag with your name on it and you will plant the flag in the ground where your last shot finishes. All you need to do is make a tee time on Tuesday before 1:00 and let us know you are playing in the tournament. Due to the temporary greens, this year there will be no entry fee! The club will be paying out the prizes based on the number of players on each flight. Your handicaps will be based on the 6/11 revision. If you are normally a white tee player you will get your white tee handicap but will play from the blue tees. If you are normally a teal tee player you will get your teal tee handicap but will play from the red tees. Your prize division will only be against other players playing from the same set of tees.

OUR PRESTIGIOUS SPANISH STUDENT PROGRAM IS BACK!!

From July 5th - 26th, we will be welcoming 18 Spanish students from all different parts of Spain to Seminole, Florida! They are coming to live with some of our members' families to experience American family life. The US families will get to know someone from a different country (who are really friendly) and learn about them. Over the years, several of our host families have maintained their relationships with their guests from extra visits to celebrating college graduations and weddings.

If you see them around, please give them a friendly greeting.

If you are interested in participating in this program for next July '24, call host family coordinator Kelly Chall at (727)-492-1513.
