GOLF NEWS

By Mark Codianna
Head Golf Professional

Summer is here and, thankfully, we are experiencing some regular rainfall. The golf course is looking spectacular thanks to the hard work of Travis and the entire maintenance crew and a little help from Mother Nature.

We are excited to open the new Fitness Center this week. Please read the Fitness Center article for full details on the new space.

We will begin work renovating the men's and ladies' locker rooms this week. We will have new carpet and new wood lockers. All members who are interested in a locker, please see the staff in the golf shop to reserve your locker. We anticipate opening the new lockers sometime in September.

We will also be installing new flooring in the dining areas of the clubhouse in the months of July and August. We hope that you are as excited as we are about the continued improvements to the Club.

Last month we held the Shootout at Pine Ridge Farm with 28 golfers. **John Paul Lisenbee** was the lowest qualifier shooting a score of 66. 11 other golfers shot 74 or better to also get into the shootout. After **Madison Swartz** was eliminated on the eighth hole, **Carl Farmer** and **Steve Webber** were the last two golfers remaining. After Carl barely missed a 50-foot putt for par, Steve three putted from 20 feet to send the tournament into a chip-off. Steve hit the better chip and won the tournament. Congratulations Steve and thanks to everyone who played.

The next event on the calendar is the Independence Day Flag Tournament. It will take place on Thursday the 4th and is open to all golf members with an active GHIN handicap. This is a unique event in which you will add your playing handicap to par and you will play until you have hit that many shots. Before the round, we will give you a flag with your name on it and you will plant the flag in the ground where your last shot finishes. All you have to do is make a tee time on Thursday and let us know you are playing in the tournament.

Green Side UP

By Travis Wood
Head Greens Keeper

We have all been very pleased with how the turf has responded to the aerification on greens, tees, and fairway areas. In the coming months, we will be addressing a few other areas of concern. We will be adding new teeing areas on holes 5, 11, and 14. We will be sodding some of the bunker surrounds on holes 2, 16, and 18. The fairways on holes 5 and 15 will also get some new sod to address some remaining areas of weak turf.

Many members have shared their positive comments about the golf course with us. The maintenance crew and I appreciate the nice feedback and share your enthusiasm for improving course conditions.

See you around the golf course.
